

INSULATING CONCRETE FORM (ICF) CONTRACTOR TRAINING COURSE

November 27, 2018

DoubleTree
Seattle Airport Southcenter
16500 Southcenter Parkway
Seattle, WA 98188

Register online at www.nrmca.org/Education/Seminars/icfs.asp

EVENT DESCRIPTION

Lighter, faster and more cost effective than other forms of construction, Insulating Concrete Forms (ICFs) are quickly becoming the construction method of choice for all forms of construction including single and multi-family, hotels, schools, and offices. Concrete contractors, masons and framers have an opportunity to learn how their trade can work with ICFs to enhance their competitiveness in today's construction environment. This course will give you the training you need to begin building with one of the fastest growing building systems on the market – ICFs.

AGENDA

7:30 am: Continental Breakfast

8:00 – 12:00 noon: ICF Contractor Training

- Demonstrate the specific characteristics of ICFs
- Describe the benefits of ICF construction
- Explain the construction advantages and efficiencies
- Demonstrate the interaction between trades and ICF installation requirements and techniques
- Recognize that ICF technology can expand your business opportunities.

WHO SHOULD ATTEND

Concrete Contractors, Masonry Contractors, Wood and Steel Framers. Design professionals and product manufacturers may also benefit.

REGISTRATION FEE

\$125 fee includes a meal, ICF training manual, hands-on instruction and certificate of completion.

If you have questions, contact either Bruce Chattin, bchattin@washingtonconcrete.org or (206) 571-3395 or Tonia Sorrell-Neal, tsneal@imiweb.org or (206) 972-9891.

CONTINUING EDUCATION

Earn 4 AIA-CES Learning Units and 4 Professional Development Hours (PDH)
