

ACI UW

NOVEMBER NEWSLETTER

UNIVERSITY *of* WASHINGTON

History

The Washington ACI Chapter program began in 1962 and won the ACI Excellent Award in 2022 and 2023. In 2022, the University of Washington welcomed the program to campus. Since then, our chapter has grown exponentially, with more students and opportunities to learn about the industry.

Mission

We are a team of civil engineering and construction management students representing the University of Washington in biannual concrete competitions at the ACI conventions.

We aim to propel our members into the industry through networking, educational tours, and hands-on projects.

Vision

Providing student-centered programs ensures that graduates are accomplished in technical expertise, business practices, collaboration, leadership skills, and ethical responsibility. National accreditation and state-of-the-art laboratory facilities will ensure exceptional applied, experiential learning.

EVENTS

CERC Pour

Volunteering at the Sandpoint Concrete lab was a great opportunity for all members to get hands-on experience with a related project. This 9 hour day consisted of pouring mixes into cylinders and beam molds. Big thank you to CTS Cement for your help!

Ash Grove Cement Plant

A successful tour of the only cement plant in Washington, producing 1/3 of all cement used. We learned about sustainability, worker safety, and technological advancements - even with Spot their robot dog responsible for performing daily routine checks.

Taking home the DUB

Our participation in the biannual competition at the ACI convention in Philadelphia led to new connections and plenty of learning. If you haven't seen our newsletter dedicated to our time in Philadelphia and how we placed, be sure to check it out!

Pizza Welcome!

We're excited to get everyone integrated and involved in ACI. Our first meeting with all of our new members started with introductions and ended with a pizza party! We're looking forward to adding more members as the ACI UW Student Chapter becomes well known at UW.

Happy Thanksgiving

This Thanksgiving season, we'd like to express our thanks to our supporters and for ACI. Here's some of the things we are especially thankful for:

"I'm thankful for the ACI UW team. They are high achieving individuals who are capable of anything they put their minds to."
- Vania, President

"I'm grateful for ACI UW Student Chapter being a supportive club and friends I've made there."
- Alena, Vice President

"I'm thankful for being able to work with such a brilliant and dedicated team, and the opportunity to share these experiences with an amazing group of people."
- Mohammed, Project Engineer

"I'm thankful I got to spend time with my family and for my wonderful friends."
- Haruka, Design Engineer

"I am grateful for the support of everyone at ACI UW, as well as for the experiences and opportunities I've shared with them."
- Patricia, Outreach Manager

"I am thankful for all of the new friendships and fun memories that I have gotten to make with the ACI UW Student Chapter members."
- Kyle, Treasurer

THANK YOU TO OUR SUPPORTERS
