

ACI UW

MARCH NEWSLETTER

UNIVERSITY *of* WASHINGTON

History

The Washington ACI Chapter program began in 1962. In 2022, the University of Washington welcomed the program to campus. Since then, our chapter has grown exponentially, attracting students and expanding opportunities to explore the industry. Notably, we have received the ACI Excellent Award in both 2022 and 2023.

Mission

We are a team of civil engineering and construction management students representing the University of Washington in biannual concrete competitions at the ACI conventions. **We aim to equip our members through networking, tours, and hands-on projects, preparing them for successful in careers.**

Vision

Providing student-centered programs ensures that graduates are accomplished in technical expertise, business practices, collaboration, leadership skills, and ethical responsibility. National accreditation and state-of-the-art laboratory facilities will ensure exceptional applied, experiential learning.

EVENTS

March Mix days

ACI spent the start of March perfecting the final mix design and the rest of the month continuously testing for the design prediction category and overall performance of the ball.

March 3rd - Materials Lab Cleanup

ACI UW spent the day deep cleaning the materials lab, leaving it in top condition, ensuring a safer and more efficient workspace for future research and testing.

Competition Ready - Final Designs and Touchups

ACI chose to do a cherry blossom theme on the bowling balls to represent Spring in Toronto for the aesthetics category of the competition. The blue birds on the ball represent the Toronto Blue Jays. With the designs done, ACI UW is ready to compete.

Last-quarter

Legacy

Our seniors are entering their last quarter at the University of Washington, and we wish them endless success in achieving all their goals. **Here are some goals students have set for this upcoming quarter.**

“My goal is to spend more time with my family before I go off to graduate school.”
- Vania, President

“My goal for this quarter is to ramp up fundraising efforts. I want to organize events on campus that will help our team raise money for the future competitions.”
- Kyle, Treasurer

“My goal is to pass all my responsibilities to the next PE and make the most of my remaining time with ACI UW. I look forward to seeing the team thrive under new leadership.”
- Mohammed, Project Engineer

“Making the most of my last quarter and passing on my knowledge to the new Design Engineer, Sarah!”
- Haruka, Design Engineer

“My goal for this quarter is to absorb as much knowledge as possible from my classes while fully embracing and enjoying the journey as I wrap up my final quarter as a college senior.”
- Victor, Member
